Game Help and Paytable are available within game.

ADDITIONAL INFORMATION

FREE SPIN BONUS

Three Free Spin Bonus symbols landing on payline 7 trigger the bonus, awarding 8 free spins. Free spins can retrigger, awarding 8 additional spins. Maximum number of spins is 32. During the free spins, reels are weighted differently, and the Diamond Money symbol appears more frequently. The odds of winning the Free Spin Bonus are the same for bets less than or equal to 60 credits and are the same for bets greater than or equal to 90 credits. The odds of winning the Free Spin Bonus at bets less than or equal to 60 credits will vary from the odds of winning the Free Spin Bonus at bets greater than or equal to 90 credits.

SYMBOL TRIGGERED JACKPOTS

Diamond Money symbol is a scatter symbol. At a bet of 90 or above, progressive jackpots are available. Progressive jackpot prizes increase as the bet is increased. Each progressive jackpot tier shares a contribution pool between all bet levels. An increasing flat pay is added to each tier by bet level. When 3 to 9 Diamond Money symbols land scattered on the reels, the corresponding progressive jackpot tier is awarded. Only the highest triggered progressive jackpot tier is paid per spin. At a bet of 30 or 60, when 3 to 9 Diamond Money symbols land scattered on the reels, the corresponding flat pay jackpot is awarded. The Free Spin Bonus cannot be awarded on the same spin as a jackpot or progressive jackpot win.

Progressive tiers are funded by a percentage of all wagers.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My Transaction History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game, the game is voided, or it's auto completed within 24 to 48 hours. When an unfinished spin is voided, your bet will be refunded to your account.

Game History

The result of a completed game may be viewed in My Transaction History immediately after closing the game window. Results of unfinished games are not displayed in My Transaction History.

Expected Payback

The theoretical average return to player (RTP) is 91.01 – 95.96%. This RTP represents the long-term expected payback of the game which has been calculated by an independent testing lab. Bet settings

determine the RTP percentage range; adjusting the bet settings to the maximum number of lines, bet levels, or bet multipliers provides the maximum RTP.
