Mystery of the Lamp Bonus

During the base game, each Double Gem, Ignite Gem, and Jackpot Gem Scatter Symbol in any position on the reels flies up to the Double Jar, Ignite Jar, and Jackpot Jar, respectively.

If a Gem Scatter Symbol breaks a Jar, the *Mystery of the Lamp Bonus* begins with the corresponding feature active.

Triggering the *Mystery of the Lamp Bonus* awards 3 bonus spins.

If the *Double*, *Ignite*, or *Double and Ignite* features are active, the bonus is played on 15 separate reels. Only Coins, Double Gems, Ignite Gems, and Jackpot Gems are available during the bonus.

If the *Jackpot*, *Jackpot and Double*, *Jackpot and Ignite*, or *Jackpot, Double, and Ignite* features are active, the bonus is played on 30 separate reels.

When triggering the bonus with the *Jackpot* feature active, only Coins and Jackpot Gems are available on the reels. If multiple features are active at the beginning of the bonus, the available gems are as follows:

Jackpot + Double Features: Coins, Double Gems, and Jackpot Gems

Jackpot + Ignite Features: Coins, Ignite Gems, and Jackpot Gems

Jackpot + Double + Ignite Features: Coins, Double Gems, Ignite Gems, and Jackpot Gems

Each Coin Scatter Symbol on the reels appears with a prize value.

If a Coin, Double Gem, Ignite Gem, or Jackpot Gem Scatter Symbol appears on 1 or more unlocked reels after a bonus spin, the number of spins remaining resets to 3 and all reels containing Coins lock for the remainder of the bonus.

If the *Double* feature is active, Double Gems that appear on the reels after a bonus spin transform into 2x multipliers and up to 10 2x multipliers are placed over Coins on the reels. Each time a 2x multiplier is placed over a Coin, the value appearing on that Coin is doubled. A maximum of 10 2x multipliers may be placed per bonus spin. Each Coin may be doubled a maximum of 4 times per bonus.

If the *Ignite* feature is active, Ignite Gems that appear on the reels after a bonus spin ignites 1 Coin on the reels. The value on the ignited Coin is boosted at the start of each remaining bonus spin.

If the *Jackpot* feature is active, each Jackpot Gem that appears on the reels after a bonus spin fills in 1 gem position under the Grand, Major, Maxi, Minor, or Mini jackpot meter. If all 3 gem positions under a jackpot meter are filled, the corresponding jackpot is awarded and the collected gems under that jackpot meter are cleared. Multiple Grand, Maxi, Minor, and Mini jackpots may be awarded during the *Mystery of the Lamp Bonus*. The Grand jackpot may be awarded only once from collecting 3 corresponding Jackpot gems per bonus, but may also be won by locking all 30 reels in place during the same bonus. The Major jackpot may be awarded only once per bonus. Collected Jackpot gems are cleared at the end of the bonus.

After a bonus spin, 1 or more Double Gems in any position on the reels may break the Double Jar to activate the *Double* feature for the remainder of the *Mystery of the Lamp Bonus*.

After a bonus spin, 1 or more Ignite Gems in any position on the reels may break the Ignite Jar to activate the *Ignite* feature for the remainder of the *Mystery of the Lamp Bonus*.

After a bonus spin, 1 or more Jackpot Gems in any position on the reels may break the Jackpot Jar to activate the *Jackpot* feature for the remainder of the *Mystery of the Lamp Bonus*. If the *Jackpot* feature is activated during the *Mystery of the Lamp Bonus*, the remainder of the bonus is played on 30 separate reels.

If the *Jackpot* feature is activated after a bonus spin, the remainder of the bonus is played with the following symbols based on the other active features:

Last updated 20 Dec 2023

Jackpot + Double Features: Coins, Double Gems, and Jackpot Gems

Jackpot + Ignite Features: Coins, Ignite Gems, and Jackpot Gems

Jackpot + Ignite + Double Features: Coins, Ignite Gems, Double Gems, and Jackpot Gems

If all reels lock, the Grand jackpot is awarded and any remaining bonus spins are not played.

The *Mystery of the Lamp Bonus* continues until no respins remain or all reels have locked, and awards all accumulated wins.

Different reels are used during the *Mystery of the Lamp Bonus* and depend on the coin value from the triggering spin and the active features.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are independent from line wins and are added to the total amount paid.

Wild Symbol appears on reels 2, 3, 4, and 5 in the base game.

Classification: Public. This information can be made available to the general public. It may be freely disseminated without potential harm to Atlantic Lottery employees, third parties and stakeholders.

Wild Symbol is wild and substitutes for all symbols except Double Gem, Ignite Gem, and Jackpot Gem Scatter Symbols in the base game.

Grand, Major, Maxi, Minor, and Mini jackpot values are multiplied by the coin value.

Grand, Major, Maxi, Minor, and Mini jackpots are fixed awards and are not shared – they are only winnable by the player.

Major jackpot may only be awarded once per bonus.

Grand jackpot may be awarded up to twice per bonus – once from collecting 3 corresponding gems, and once by locking all 30 bonus reels.

An increased number of coins by the jars and jar animations have no effect on game play.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
